D. E. O'KEEFE .....EDITOR AND PROPRIETOR

REPUBLICAN TICKET.

FOR PRESIDENT
THEODORE ROOSEVELT
of New York.

FOR VICE-PRESIDENT
C. W. FAIRBANKS
of Indiana.

For Congress—Fifth District
E. A. HAYES
of San Jose.

STAND BY THE TICKET.

Quite as important as the election of Roosevelt is the election of a Republican Congress—one which will cordially uphold the strong arm of the President. Roosevelt admirers must not forget this. The loss of a Republican Congressman here and there may paralyze the progress of the next administration. Fortunately the Republicans have in this district a candidate to whose standard all may rally. Mr. E. A. Hayes of San Jose is an honest, clean, capable, successful, able man. A graduate of Wisconsin University and of the Law School, he practiced law for seven years thus acquiring a valuable training for the place he seeks. He was a member of the Board of Supervisors of his county in Wisconsin, and for a time a member of the city council of Madison, Wisconsin. Coming to California while yet a young man, he has by honest effort acquired a competency, and has built up a reputation for integrity, honesty, and fair and square dealing with all. He has acquired an influence for good, for improvement, for what is right, and he has surrounded himself with a host of admiring friends. It is Mr. Hayes's intention to make a personal canvass of his district, and it will surely be a pleasure for the voters to meet and talk with this admirable candidate. Mr. Hayes in all his dealings with laboring men has always been an honest friend of all. No one can point to any unjust act of his in his dealings with his fellow-men. One of the pleasantest sights of the present local campaign is the hearty and enthusiastic manner in which his own employees have rallied to his support.

The voters of San Mateo County are well aware of the successful effort of Mr. Hayes and his associates in Santa Clara County for good government. The results are recognized all over of the State of California.

In brief we affirm:

First. We should maintain the present condition of affairs. Stand pat.

Second. Mr. Roosevelt is the one man to maintain this condition. No other can. Stand by him.

Third. A Republican Congress is necessary to uphold President Roosevelt. Stand by them.

Fourth. Mr. Hayes is needed to help make a Republican Congress friendly to Roosevelt. Support him.

Fifth. Mr. Hayes, if elected, can do for this district more and better service than any other candidate who has been mentioned. Can you gainsay it?

In following issues of the Times-Gazette we propose to show that all this is so.

No truer words were ever spoken than those of Senator Fairbanks in his speech of acceptance wherein he said: "President Roosevelt has been confronted with large and serious questions. These he has met and solved with high wisdom and courage. The charges made against him in the Democratic platform find an irrefutable answer in his splendid administration never surpassed in all the history of the Republican party and never equaled by the party which seeks to discredit it."

Never place money in your mouth. It contains germs of deadly disease.

RAMBO FOR SENATOR.

S. H. Rambo of Boulder Creek, Santa Cruz County, the Republican nominee for Joint Senator is a strong man and while here Monday made a good impression upon all whom he met. He is an old soldier and served his country well when it needed his assistance. At the close of the Rebellion he came to Santa Cruz county and there has made his home ever since. He served that county as Supervisor for two terms and declined a nomination for a third term. He is a life-long Republican, a man of family and large business experience. His popularity was so great that at the late Republican primary his was the only ticket run at the primary at Boulder Creek. This is something to be proud of, considering that he has had business with nearly every man in San Lorenza valley, and has been their Supervisor for eight continuous years.

TARIFF HELPS THE FARMER.

Year after year since the inauguration of William McKinley and the accession of his successor, Theodore Roosevelt, and during the continued operation of our present protective tariff the farm products of the country, without regard to the quantity harvested, have netted the farmer more than a billion dollars in excess of the value received during the operation of the Wilson-Gorman tariff law under the administration of Grover Cleveland. This by no means, however, measures the increase value to our farmers, as another billion dollars must be added as the increased value of farm animals. It is not likely that the farmers either West or East, North or South, care to change existent conditions and go back to the low values and to the cheap markets of 1894, 1895 and 1896.

The record of the Republican party during its fifty years existence is one of a succession of accomplishments without a single failure. The policies inaugurated by the Republican party have, in every instance, been successfully carried out, and now, for expediency's sake, the candidate of the Democratic party is very willing to acquiesce in their accomplishment.

The following sentence from a speech by President Roosevelt at Grand Canyon, Arizona, lastyear, is thoroughly indicative of the man. "All that I ask is a square deal for every man. Give him a fair chance. Do not let him wrong any one and do not let him be wronged."

The great issue of the campaign is fully summed up in the following utterances of Senator Fairbanks in his speech of acceptance: "The election of the President is imperatively demanded by those whose success depends upon the continuance of a safe, conservative and efficient administration of public affairs."

If we continue Republicanism and protection we shall soon be making the fifty million dollars worth of iron and steel products that are now imported.

President Roosevelt has been and will continue to be the President of the whole people without regard to section, race, color or calling.

It is not necessary for President Roosevelt to make any campaign speeches. The American people know where he stands on every issue that concerns their welfare.

Success brings us the enmity of the small and the admiration of the great.

If we continue Republicanism and protection we shall in a few years be making at home the $35,000,000 worth of silk goods which we are now importing.

Most truly did Senator Fairbanks say in his speech of acceptance: "We have peace and great prosperity at home and are upon terms of good neighborhood with the entire world. These conditions constitute the strongest possible assurance for the future."

If we continue Republicanism and protection we shall soon be making the $20,000,000 worth of woolen goods which we are now importing.

While at work on the rolling machine at the Frank tannery last Friday, Al Comper was so unfortunate as to have two of his fingers caught and very badly crushed. He stopped the machine before any further injury was done. Mr. Comper will be compelled to lay off for about a month as a result of the accident.

One of the largest deer ever seen in this locality has been on exhibition at Hind & Langley's butcher shop this week. Dressed, the animal weighed 132 pounds, which is extra weight for a deer. The steamer Confienza, loaded with bark for Redwood, had hard luck during her last trip here. While on the run down the coast last week she was caught in the storm and about half her deck load was washed overboard. On entering Long Reach, about three miles from here, last Monday it was discovered that she was on fire and it was found necessary to throw a large part of the remaining cargo overboard before the flames could be got under control.

George Poole, who has been employed by the Southern Pacific Company at the local station for a number of years, severed his connection with the railroad company yesterday and will enter the Dental college in San Francisco and take the regular course. Mr. Poole is a very bright young man who, though he saw advancement ahead of him with the company, recognized that he could carve out a better future for himself in professional lines. Mr. Poole has contemplated his present step for several years, but until now had not seen fit to carry out his plans.

The performance of Charley's Aunt last night drew an extra large attendance. Before evening all the best reserved seats were sold and the number who bought tickets at the door was considerable. The performance as a whole was very creditably carried out. All of the company entered heartily into the spirit of the affair and acted particularly well for amateurs. Mr. Shrewsbury, as Charley's Aunt, deserves much praise for the manner in which he portrayed that character. The music of the orchestra added much to the enjoyment of the evening.

The members of the Arkers' Roost club will transport their ark from its present moorings at the Tacoma Mill Co.'s yard to a point near the bay from which they can hunt during the coming season with advantage. Williamson; 2d mate, Ted Elvin; quartermaster, Ed. Winn; paymaster, Geo. Stafford; ship carpenter, Ferd Elvin. A Chinese cook has been added to the attractions of the ark.

The local tanneries have some of the biggest orders to fill at the present time that have ever come their way. At the Frank Tannery orders are so full that night and Sunday crews have to be put on. Most of the leather ordered is sole leather and is destined to be shipped to Japan. At this tannery two new machines have been installed this week. One is a shaving machine which does the work of several shavers, and the other is a measuring machine. The latter goes at the rate of sixty revolutions per minute and measures the square feet and inches in every side of leather which goes through it. At Graham's tannery the orders have come in particularly fast within the past month and the plant is being pushed to its utmost capacity.

Tuesday in Judge Hannon's court a pretty romance culminated in the marriage of Guy R. Duncan and pretty Miss Alice Evans. A few years ago the groom while traveling in the South met Miss Evans at a party in Atlanta, Georgia. The acquaintance soon ripened into love and the gay couple became engaged. Shortly afterwards Mr. Duncan came to San Francisco, and became a street car conductor. He saved his money and last week sent for the young lady whom he intended to make his bride. She arrived in San Francisco Monday night and was met at Oakland by the prospective groom. Next morning the pair journeyed to Redwood City and were married by Judge Hannon, County Treasurer P. P. Chamberlain and Assessor C. D. Hayward took the part of best man and bridesmaid.

JOINT CONVENTION.

Republican Joint Senatorial Convention at Redwood City.

A session of the Republican Joint Senatorial Convention was held in this city at 4 o'clock p. m. Monday. The full delegation of Santa Cruz and San Mateo counties was present, either in person or by proxy. Five of the Santa Cruz delegates, Messrs. Porter, Lucas, Baldwin, Harrington and McPherson, were present in person. Of the San Mateo County delegates George C. Ross, W. J. Martin, and John H. Coleman were present. W. J. Martin, who presided at the time S. H. Rambo was nominated in Santa Cruz, called the meeting to order and presided. W. R. Porter, the former secretary, continued to officiate. Major Lucas made a stirring speech, after which S. H. Rambo was placed in nomination by Duncan McPherson of Santa Cruz. He delivered a stirring and forcible speech telling the good qualities of the candidate and how he was liked at his own home. Mr. McPherson's address was a splendid effort which received continued applause as he finished. Geo. C. Ross of Redwood seconded the nomination in words of promise of a rousing majority of from 300 to 500 in San Mateo county alone. The nomination was unanimous, Mr. Rambo thanking the convention for the honor conferred in well chosen words, and promised to do his work faithfully in the event of election, which he felt would be the verdict at the polls.

Increased Registration.

The great register of San Mateo county closed Wednesday night at 10 o'clock, and those whose names are not already enrolled will be debarred from casting a vote at the general election, which will be held on the 8th day of November. Undoubtedly there are a number who will be much chagrined when they find that they are temporarily disfranchised, but they can have no one but themselves to blame, for the press of the county has been calling attention to the the matter weekly for the past two months. No figures will be obtainable for several days to show the exact registration in each precinct. The total registration of the county is a little over 3800—500 more votes than two years ago. The largest gains have been in the First township. There is practically a full registration.

Wants Deed Executed.

N. H. Lang, the San Francisco real estate man, has commenced a suit in the Superior Court against Philip O'Malley and his wife to compel them to execute a deed to him to lots 12 and 15 in block 40 in the City Extension Homestead near Colma. The complaint alleges that last June the O'Malleys entered into a contract with N. H. Lang to sell these lots for $5000. The plaintiff secured a purchaser and tendered the $5000, but the defendants refused to execute a deed to the property. Plaintiff asks that they be made to give a deed and also damages in the sum of $500 is asked. Thomas F. Barry is plaintiff's attorney.

THE NAVAL BALL.

Bohemian Club of Battleship Ohio Trip the Light Fantastic Toe.

Never before, perhaps, in the history of San Mateo county, was there so thoroughly delightful a public ball as that given in Woodside last Saturday evening by the U. S. S. Ohio Bohemian Club. The mariners, mostly petty officers, who are to man the great battleship Ohio when she goes into commission soon, were as handsome and courteous a lot of young fellows as any our glorious climate boasts of. No company of young men ever entered the burg who did themselves more credit, inspired more confidence and respect amongst the people, aroused more enthusiasm, and created more general pleasure, than did the boys in blue.

Independence hall never looked more inviting to enter. The various flags which Uncle Sam spreads to the breezes on his formidable fighting monsters of the deep, completely covered its historic walls; so while the dancers danced and all went merry as a marriage bell, what a lesson that bunting displayed for the gravest civilian who chose to sit out the hours.

The boys of the Navy spared no expense in any particular to make this affair the success it proved. The music was furnished by the Ohio's band, consisting of ten pieces, and was all that could be desired for the sprightliest foot. The boys looked quite the proper thing in their dress suits of immaculate white duck, with blue collars.

Our own boys, the flower of San Mateo county, were put to their mettle by the laddies, vieing as they did with each other for glances from sparkling eyes of the fair ones, but from the first, regarding the stranger guests as brothers in a friendly port.

Our girls, too, were charming, so all together, the scene was good to look upon. As much deference was paid to the mothers as the daughters, and all spun in the mazes of the dance in a very social way; the gravest forgot their cares, and the merriest were mad, but all went as it should go.

A chicken supper was served at Mrs. J. Wilson's. The large dining-room was decorated prettily for the occasion and sumptuous was the feast spread before us. Another large table, overflowing with the season's viands, was set upon the broad veranda, the latter being effectively decorated with Japanese lanterns.

After the midnight repast, songs were sung by A. McCabe J. E. Friend, President of the Club, and Harry Morey of Menlo Park, which added another pleasant feature to the evening.

Souvenirs by the Club were given out to all, which, I ween, many a young lady will treasure till her Jack returns, all of which reminds me of the pretty little Geisha song:

> Jack's the boy for work!
> Jack's the boy for play!
> Jack's the lad when girls are sad
> To kiss the tears away.
> Ah! Hard as nails afloat.
> Best of friends ashore.
> Jack ahoy! You,re just the boy
> That all our hearts adore.

Thus when our greatest social event of the season was over, praises could not be sounded loud enough to express the appreciation of the people of Woodside, for the pleasure accorded them by such gallant youths. Welcome, again, boys!

Dan Mullen's Silver Wedding.

Twenty-five years ago yesterday Mr. and Mrs. Dan Mullen started the journey of life together. During that period they have seen many changes in the town which they have made their home. Most of the time the journey has been a pleasant one and the clouds that have come to them only made the sky seem brighter when they cleared away. In honor of the anniversary a number of Mr. and Mrs. Mullen's relatives gathered at the family home to celebrate the silver wedding. A solid silver tray presented by the relatives was the principal gift. The evening was very pleasantly spent and many a reminiscence of former times was told. Refreshments were served and every one present was in a particularly happy frame of mind. Both Mr. and Mrs. Mullen seem very young to be celebrating their silver wedding anniversary, and there were many wishes expressed that they might celebrate their golden wedding as happily as they observed this occasion. Among those who attended were the following relatives from out of town: Mr. and Mrs. Hans Madsen and Mrs. Carr of Montrio, and Mr. and Mrs. Lawrence Heiner of San Francisco.

Winter, Allen & Co.

George Winter and George Allen have a force of men at work erecting a building for them opposite W. W. Beeson's blacksmith shop, in which they will start a planing mill. The machinery for the new concern has already been purchased and will be set up within the next three weeks. The new company will do all kinds of mill work, and contracting besides. They will have all the latest machinery and will be prepared to do fine work. A concern of this kind will be a fine thing for Redwood, as heretofore it was necessary to send out of town for much of the millwork needed The gentlemen composing the new company will without doubt make a success of their venture from the start.

Is a Bold Burglar.

John Hall, who was caught in San Mateo last week while burglarizing a meat market, has turned out to be a very bad man. Through information secured as the result of his capture, the loot which was taken from the Wells, Fargo office in Menlo Park some weeks ago has been located. It has also transpired that Hall had a hand in recent burglaries in Suisun, Haywards and San Leandro, and through the unceasing labor of the Sheriff's office here, most of the booty taken at those places has been recovered. The local officials deserve much praise for what they have accomplished in regard to this matter.

WOODSIDE, September 30.—The Sailors' Ball given Saturday evening by the Bohemian Club of the Battleship Ohio proved to be one of the most successful dances both socially and financially ever given in Woodside. At 12 o'clock all betook of a grand chicken supper which was served at the home of Mrs. John Wilson opposite the hall. Great credit should be bestowed on Mrs. Wilson for the masterly way in which she conducted such a vast undertaking, and also the sailors are to be congratulated on strict discipline maintained during their brief stay in our burg.

CHURCH NEWS.

Items of Interest Transpiring in Local Religious Circles.

The services conducted by Rev. David Crabtree at San Carlos for the past months have been discontinued because of the fact that many of the attendants have moved away. Services will be resumed next year.

Last Sunday morning at the local Episcopal church, Bishop Nichols administered communion and preached the sermon. The service was very largely attended and the sermon was of a very high order. In the evening at Belmont Mr. Crabtree presented a class of five to the Bishop for confirmation. Those composing this class were: The Misses Florence and Ethel McLean, Miss Enima Johnson, Miss Hazel Hammerson and John Kronquist.

The regular morning service will be held in the Episcopal Church here to-morrow.

The hour of meeting in the evening has been changed at the Congregational Church and commencing to-morrow evening the service will begin at 7:30 instead of 8 o'clock as heretofore. The Endeavorer meeting will begin at 6:30. The pastor will preach in the morning.

On Wednesday evening a chicken dinner was served in the parlors of the Congregational Church, at which the ladies in charge realized about $40.

Enjoying His Journey.

The many friends of Rev. Father O'Sullivan, formerly pastor of Mount Carmel Catholic Church in this city, will be pleased to hear of the happiness he enjoys in his visit to the land of his birth. The reverend gentleman has written a letter to Mrs. P. J. Foley, in which he very graphically gives a description of Ireland. He was hospitably received by Mrs. Foley's father, then proceeded to the famous Giants Causeway. By the way, it may not be generally known that the automobile has invaded Ireland, but from Father Sullivan's letter it appears that the Emerald Isle is pretty well traversed by this latest invention of travel. Father Sullivan goes through France on his way to Rome and the many friends and admirers of the genial pastor will be glad to welcome him back to the scene of his labors in the near future.

The Rosenbaums, who have occupied the Eyre residence at Fair Oaks, will return to San Francisco to-day for the winter.

Mrs. F. D. Macondray and her children have left the Philippine Islands and are on their way home to spend the winter in California.

Dr. and Mrs. Wynn and Father Varelmann of Cincinnati, Ohio, spent last Saturday and Sunday at the Oak Grove Villa. The former are cousins of Father Lyons.

E. A. Hayes, the Republican nominee for Congress from the Fifth District, will address the citizens of Menlo Park and vicinity on the political issues of the campaign next Saturday evening, October 8th.

This evening Mr. and Mrs. Meredith of Holtt's school will give a dance to the students. Stanford freshmen will be present to enliven the occasion. This is the first function of the season at Holtt's and it promises to be one long to be remembered.

Dr. and Mrs. Moss, who returned Tuesday from a two weeks' stay at Del Monte, have started on a several months' tour of the East. Dr. Moss expects to visit his old home in Canada and he and his wife will not return before the holidays.

James Wade, formerly a resident of this place, passed away in San Francisco last week. He was well known here in the early nineties. For a number of years he was foreman for John MacBain and for a time was a partner of Charles Weeden in the contracting business.

Eugene McIntyre was here Wednesday bidding farewell to his friends. He leaves for Manila to-day. A friend from San Francisco contributes the following: "When the transport Sheridan steams away from the dock to-day, bound for Manila, she will have on board one who will take with him the deep and deserving affection of every one who knows him and the heartfelt and everlasting love of those with whom he has been associated. As a small token of the latter's love and esteem for their old friend Eugene McIntyre, he was given a banquet on Sunday, September 18th, to which only those intimately close to him were invited, but on Saturday last at the cottage on the beach where he has spent many a happy hour every friend and acquaintance of his was there to join in the feast prepared and bid him a fond farewell, a pleasant trip and prosperous sojourn in the Philippines. Gus Christiansen, representing the owners of the Cottage, presented Mr. McIntyre an elegant gold watch, with his initials handsomely engraved upon the front case and within the names of his friends, voicing the sentiments of the young men, and in behalf of those present Joseph Kelly delivered a fond but sad farewell. Up to 12 o'clock Sunday night the Cottage was alive with the shouts for the success and happiness of Eugene from the sixty friends there gathered. May his be a pleasant sojourn in the Islands."

TOWN COUNCIL MEETING.

Two radical changes were made by the City Council Monday night in the matter of water connections and the construction of street curbs. For years past a uniform charge of $4 has been made for connection with the water mains, the corporation furnishing the material and the labor. It has been ascertained that this amount of money did not pay one-half of the cost incurred, and in consequence the price has been raised to $10. In addition, consumers must furnish their own meters, making a total of $18 due before the water service is secured.

Another time-honored custom that will hereafter be discontinued is the payment by the city of one-half of the cost of street curbs.

It is understood, however, that existing contracts for water connections and curbs will be treated by the old method. The purpose of the board in making the changes referred to is to economize the general fund for street improvement and general purposes.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXI.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered, and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state of California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

Sec. 11. This act may be known and cited as the "San Francisco Seawall Act."

Sec. 12. All acts and parts of acts in conflict with the provision of this act are hereby repealed.
